

Mirae Asset Securities (HK) Limited

(Incorporated in Hong Kong with limited liability)

ANNOUNCEMENT

Proposed Issue of 10,000,000 European Style Cash Settled Short Certificates relating to the MSCI Japan Free Gross Return (USD) Index with a Daily Leverage of -3x

Introduction

Mirae Asset Securities (HK) Limited (the “**Issuer**” or “**Mirae Asset**”) wishes to announce the launch of the proposed issuance of 10,000,000 European Style Cash Settled Short Certificates (the “**Certificates**”) relating to the MSCI Japan Free Gross Return (USD) Index (the “**Index**”). Mirae Asset Securities (HK) Limited has been appointed as the designated market maker (the “**Designated Market Maker**”) and The Central Depository (Pte) Limited (“**CDP**”) has been appointed as the warrant agent (the “**Warrant Agent**”) for the Certificates.

The Certificates are cash-settled warrants which entitle a certificate holder (the “**Certificate Holder**”) to be paid a cash settlement amount (the “**Cash Settlement Amount**”) less any exercise expense (if positive) in accordance with the terms and conditions of the Certificates.

Further details of the Certificates are set out below.

Exercise of the Certificates

The issue price and the notional amount per Certificate (the “**Notional Amount**”) are US\$1.00. The inverse leverage mechanism integrated in the Certificates (the “**Leverage Inverse Strategy**”) carries a daily leverage of -3 times.

The Certificates have a strike level of zero (the “**Strike Level**”) and may only be exercised on 12 February 2027 (the “**Expiry Date**”).

Cash Settlement Amount

The Certificates may only be exercised on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, in a Board Lot or integral multiples thereof. Certificate Holders shall not be required to deliver an exercise notice. Exercise of Certificates shall be determined by whether the Cash Settlement Amount (less any Exercise Expenses (which has the meaning given to it in the terms and conditions of the Certificates)) is positive. If the Cash Settlement Amount (less any Exercise Expenses) is positive, all Certificates shall be deemed to have been automatically exercised at 10:00 a.m. (Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day. The Cash Settlement Amount less the Exercise Expenses in respect of the Certificates shall be paid in the manner set out in the terms and conditions of the Certificates. In the event the Cash Settlement Amount (less any Exercise Expenses) is zero, all Certificates shall be deemed to have expired at 10:00 a.m.

(Singapore time) on the Expiry Date or if the Expiry Date is not a Business Day, the immediately preceding Business Day, and Certificate Holders shall not be entitled to receive any payment from the Issuer in respect of the Certificates.

A “**Business Day**” is a day on which the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) is open for dealings in Singapore during its normal trading hours and banks are open for business in Singapore.

The “**Board Lot**” of the Certificates is 100.

The Cash Settlement Amount in respect of each Certificate is the amount (if positive) equal to:

Closing Level multiplied by the Notional Amount

Where

Closing Level: In respect of each Certificate shall be calculated as follows:

$$\left(\frac{\text{Final Reference Level} \times \text{Final Exchange Rate}}{\text{Initial Reference Level} \times \text{Initial Exchange Rate}} - \text{Strike Level} \right) \times \text{Hedging Fee Factor}$$

Final Reference Level: The closing level of the Leverage Inverse Strategy on the Valuation Date which shall be calculated in accordance with the formula set out in the “Specific Definitions relating to the Leverage Inverse Strategy” section of the Appendix to this Announcement and the supplemental listing document relating to the Certificates to be dated on or about 13 February 2024 (the “**Supplemental Listing Document**”) and is floored at zero and subject to the Air Bag Mechanism.

Air Bag Mechanism: Refers to the mechanism built in the Leverage Inverse Strategy and which is designed to reduce the Leverage Inverse Strategy exposure to the Index during extreme market conditions. If the PR Index rises by 20% or more during Index Business Day (which represents an approximately 60% loss after a 3 times inverse leverage), the Air Bag Mechanism is triggered and the Leverage Inverse Strategy is adjusted intra-day. The Air Bag Mechanism reduces the impact on the Leverage Inverse Strategy if the Index rises further, but will also maintain a reduced exposure to the Index in the event the Index starts to fall after the Air Bag Mechanism is triggered, thereby reducing its ability to recoup losses. Further details of the Air Bag Mechanism are or will be set out in the “Extraordinary Strategy Adjustment for Performance Reasons (“Air Bag Mechanism”)” section of the Appendix to this Announcement and the Supplemental Listing Document, and the “Description of Air Bag Mechanism” section of the Supplemental Listing Document.

“**PR Index**” refers to MSCI Japan USD Price Return Index.

Valuation Date: 10 February 2027 or if such day is not an Index Business Day, the immediately preceding Index Business Day.

An “**Index Business Day**” means a day on which the value of the Index is published by the sponsor of the Index or, as the case may be, the successor sponsor of the Index.

Final Exchange Rate: 1

Initial Reference Level: 1,000

Initial Exchange Rate: 1

Hedging Fee Factor: In respect of each Certificate, shall be an amount calculated as follows:

Product (for t from 2 to Valuation Date) of $(1 - \text{Management Fee} \times (\text{ACT}(t-1;t) \div 365)) \times (1 - \text{Gap Premium}(t-1) \times (\text{ACT}(t-1;t) \div 365))$

Where:

“**t**” refers to “**Observation Date**” which means each Index Business Day (subject to Market Disruption Event) from (and including) the Index Business Day immediately preceding 14 February 2024 to the Valuation Date; and

“**ACT (t-1;t)**” means the number of calendar days between the Index Business Day immediately preceding the Observation Date (which is “t-1”) (included) and the Observation Date (which is “t”) (excluded).

Examples and illustrations of the calculation of the Hedging Fee Factor will be set out in the “Information relating to the European Style Cash Settled Short Certificates” section of the Supplemental Listing Document.

Management Fee: 0.30%
(p.a.)¹

Gap Premium (p.a.): 2.00%

Examples and illustrations of the calculation of the Cash Settlement Amount will be set out in the “Information relating to the European Style Cash Settled Short Certificates” section of the Supplemental Listing Document.

The reference level of the Index used for the pricing of the Certificates is the closing level of the Index on 13 February 2024, which will be specified in the Supplemental Listing Document.

¹ Please note that the Management Fee may be increased up to a maximum of 3% p.a. on giving one month’s notice to investors. Any increase in the Management Fee will be announced on the SGXNET.

Listing and Trading of the Certificates

An application will be made to the SGX-ST for the listing of and quotation for the Certificates. The Certificates, when issued, will be represented by a global warrant certificate to be deposited with CDP. The Certificates will be traded on the SGX-ST through the book-entry scripless settlement system of CDP. It is expected that dealings in the Certificates will commence on or about 14 February 2024 on the SGX-ST. The Certificates will be traded in United States Dollar on the SGX-ST.

The Designated Market Maker

The Designated Market Maker will provide competitive buy and sell quotes (the “**Quotations**”) for the Certificates continuously during the trading hours of the SGX-ST (with the spread between the buy and sell quotes not exceeding 10 ticks or US\$0.20 whichever is greater when the best bid price of the Certificate is US\$10 and below or not exceeding 5% of the best bid price of the Certificate when the best bid price of the Certificate is above US\$10). The minimum quantity of Certificates to which the Quotations will apply is 10,000 Certificates.

Quotations may however not be provided by the Designated Market Maker in the following circumstances:

- (i) during the pre-market opening and five minutes following the opening of the SGX-ST on any trading day;
- (ii) if the Certificates are valueless (where the Issuer’s bid price is below the minimum bid size for such securities as prescribed by the SGX-ST);
- (iii) when trading in the Index is suspended or limited in a material way for any reason, for the avoidance of doubt, the Designated Market Maker is not obliged to provide quotations for the Certificates at any time;
- (iv) where the Certificates are suspended from trading for any reason including, but without limitation, as a result of trading in the securities or derivatives relating to or constituting the Index being suspended, trading of options or futures relating to the Index or PR Index on all Related Exchanges being suspended, or options or futures generally on all Related Exchanges being suspended, or if the Index for whatever reason is not calculated;
- (v) market disruption events, including, without limitation, (i) any suspension of or limitation imposed on trading (including but not limited to unforeseen circumstances such as by reason of movements in price exceeding limits permitted by the SGX-ST or the Relevant Stock Exchange for the Index or all Related Exchanges on options or futures relating to the Index or the PR Index, or any act of God, war, riot, public disorder, explosion, terrorism or otherwise) in the securities or derivatives relating to or constituting the Index, options or futures relating to the Index or PR Index on all Related Exchanges or options or futures generally on all Related Exchanges and (ii) any failure from the Index Sponsor to compute, publish and disseminate the level of the Index or the PR Index, or material limitation to access the level of the PR Index or Index;
- (vi) where the Issuer or the Designated Market Maker faces technical problems affecting the ability of the Designated Market Maker to provide bids and offer quotations;

- (vii) where the ability of the Issuer to source a hedge or unwind an existing hedge, as determined by the Issuer in good faith, is materially affected by the prevailing market conditions, and the Issuer informs the SGX-ST of its inability to do so as soon as practicable;
- (viii) in cases where the Issuer has no Certificates to sell, then the Designated Market Maker will only provide the bid price;
- (ix) if the stock market experiences exceptional price movement and volatility;
- (x) after the PR Index ceases to be calculated and published on a trading day when the Relevant Stock Exchange for the Index is open for dealings but all Related Exchanges on options or futures relating to the Index or the PR Index are not open for dealings;
- (xi) when all Related Exchanges on options or futures relating to the Index or PR Index and the Relevant Stock Exchange for the Index are not open for dealings concurrently;
- (xii) when it is a public holiday in Singapore and the SGX-ST is not open for dealings; and
- (xiii) during the suspension of trading of Certificates after an Air Bag Mechanism has been triggered.

“Relevant Stock Exchange for the Index” refers to the Tokyo Stock Exchange.

“Related Exchange” refers to each exchange or quotation system where trading has a material effect (as predetermined by the Calculation Agent) on the overall market for options or futures relating to the Index or the PR Index.

The last trading day on which the Designated Market Maker will provide competitive Quotations for the Certificates would be the fifth Business Day immediately preceding the Expiry Date.

Termsheet

A copy of the termsheet relating to the Certificates is attached as an Appendix to this Announcement.

Information on the Issuer

Mirae Asset is a company incorporated in Hong Kong with limited liability.
